THE Great and only remedy for Golds, Coughs, Asthma, and Consumption, is the Hungarian Balsian of Life, discovered by the celebrated Dr livetan of London, England, and introduced into the United States ander the timeellute superintendence of the inventor.

The extraordinary successes of this medicine, in the cure of Pulmonary diseases, warrants the American Agent in soliciting for treatment the WORST POSSIBLE CASES that can be found in the community—cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished Physicians, as confirmed and incurable. The Hugarian Balsian has cared and will cire the most desperate of cases. It is no quack nostrom, but a standard English mediene of known indestablished efficacy.

Every family in the United States should be supplied with Buchau's Hungarian Balsan of Life, and only to counteract the consumptive tendencies of the climate, but to be used as a preventive mesicine in all cases of colds, oughs, spitting of Blood, Pain in the side and cleast, Irritation and soreness of the Lungs, Bronchitis, Bidlicatty of Breathing, Hottle Fever, Night Sweats, Ensectation and General healthy, Annal and States and all the Causalists. DALLEY'S.

Cancerous Ulters on my breast.

I was attended eighteen months by a regular and skilling physician, assisted by that advice and counsel of one of our most able and experienced surgeous, without the least benefit whatever. All the various methods of treating cancers were resorted to; for five weeks in succession my breast was burned with coastic three times a day, and for six it was daily syringed with a weak solution of nitric acid, and the cavity or internal alcer was so large that it held over an onace of the solution. The Poetor probed the effect and examined the bone, and said the disease was advancing rapidly to the langs, and if 1 did not get yearly relief by medicine or an operation, the result would be fatal. I was advised to have the breast laid open and the bones examined but finding no relief from what had been done, and feeling I was rapidly getting worse, I almost despaired of recovery, considered my case nearly hopeless.

Seeing various testimonials and certificates of cure by the nac of "Sands' Sarsaparilla," in cases similar to mow, I concluded to try a few bottlets, several of which were used, but from the long deep scated character of my disease, produced an very decided character of my disease, produced an v
